## CHURCH MATTERS.

Rev. J. T. Hoskins, of Elkton, has been called to the Baptist church here for next year and he has accepted the call, commencing the first Sunday in January.

The Methodist and Baptist congregations will meet together next Wednesday night for prayer at the Baptist church. Every member of both churches who can possibly attend is urged to be present. J. J. Dickey, pastor of Methodist church.

Incidental to the meeting of the Methodist Conference at Port Arthur, Texas, John W. Gates offered to give any sum between \$50,000 and \$100,000 toward the establishment of a Methodist University at Port Arthur. provided the church raised a sum equal to the Gates donation.

The bazaar given by the Ladies Aid Society of St. Peter's Catholic church, Lexington, closed after a week's session, with approximately \$5,000 cleared by the society on the venture. This sum is to go into the building fund of the church. Twenty-five thousand dollars have already been given to this fund by St. Paul's parish, the parent congregation. St. Peter's is the new parish recently created there. The Rev. Father William T. Punch is the rector. The parish plans to build a \$100,000 church and a rectory and other buildings to cost \$50,000 additional.

## Liquor—It's Awful Work.

Carroll D. Wright, the great statistician, informs us that there were in one year 16,897 convictions for some kind of crime or misdemeanor in Sussex county, Mass., the county in which Boston is located; of this number 14,336 were caused by drink; as 14,386 is to 2,611, so is liquor as a producer of crime to all other evils joined together. This statement was made last year in Owensboro, Ky., and the jailor volunteered the information that he had in one department of his jail eight young men and of this number seven he knew were there through drink; in another department of his jail he had eleven young men, of which number seven were there through strong drink and possibly others. The jailor at Catlettsburg, Ky., said: I have 24 young men in my jail and every one of them is there through strong drink. Judge Chaney says that in all his life as a lawyer and judge he has been associated in the trials of 77 murder cases and of that number 76 (all but one) were either directly or indirectly caused by liquor.—Selected.

## Forced Into Exile.

Wm. Upchurch of Glen Oak, Okla., was an exile from home. Mountain air, he thought, would cure a frightened lung-racking cough that had defied all remedies for two years. After six months he returned, death dragging his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infallible for Coughs and Colds, it dispels Hoarseness and Sore Throat. Cures Grip, Bronchitis, Hemorrhages, Asthma, Croup, Whooping Cough. 50c and \$1, trial bottle free, guaranteed by Penny's Drug Store.

My papers shall be destroyed or handed to Prince Albert."

Asa G. Candler, widely known as the manufacturer of Coco-Cola and millionaire capitalist and banker of Atlanta, Ga., received blackhand letters demanding that \$20,000 be left in a certain church, naming the penalty for failure to comply as death for himself and entire family. ## The Interior Journal.

E. C. WALTON

HON. HARVEY HELM,  
of Lincoln county, is a candidate for re-nomination for Congress from the Eighth district, subject to the action of the democratic party.

WILLIAM CROMWELL, for many years chief clerk of the Kentucky Senate and City Attorney of Frankfort, died suddenly Saturday morning at his residence in South Frankfort. He had an attack of acute indigestion Friday evening about 6 o'clock, but seemed to be entirely relieved of that in an hour or two. Saturday morning he appeared to be doing nicely and told the members of his family that he felt comfortable. Just before 9 o'clock, however, he had an attack that the physicians think was a paralytic stroke, and died in a few seconds. Just a minute before the last attack he had told his cousin, Hugh Cromwell, that he felt very comfortable. He had a stroke of paralysis over a year ago, from which he had never entirely recovered, though the bad improved enough to resume his law practice, and the physicians believed that a second stroke would prove fatal. Mr. Cromwell was an exceedingly clever man and very popular at home and wherever he was known. By Mr. Cromwell's death, Hon. J. M. Averson, of this office, who is assistant clerk of the Senate, will call that body to order when it meets, Jan. 4.

NEVER before has so much Yuletide money gone across the Atlantic to cheer the people of other lands as was sent this year, according to the figures compiled since December 1 by Postmaster E. M. Morgan. Outgoing steamers have carried money orders amounting to \$7,524,968—an increase of \$2,298,125 over the sum sent last year. Nearly \$2,000,000 went to Great Britain alone, while Italy's people were remembered with \$1,732,131 in gifts, large and small. In the number of money orders there was a gain of 140,518 over 1908.

THE Kentucky Association for the Study and Prevention of Tuberculosis will present a bill to the Kentucky Legislature asking that an appropriation of \$120,000 be made to be used through the means of a sanitorium in fighting the white plague. The legislative committee of the association met in Louisville and unanimously voted for a bill carrying with it an appropriation of \$120,000. The bill also will carry with it an annual appropriation of \$60,000 for the maintenance of the institution.

CORBIN will vote on the whisky question to-morrow, when it is more than probable that the place will go wet. Like Somerset, Corbin has a floating population—here-to-day and gone to-morrow—and it is mighty hard to prevent the whisky side from running in illegal voters. By the way, the whisky people are using the "gun shoe" method, which is proving effectual. The temperance folk might profit by adopting their tactics.

LET'S have a sane Christmas. It is not right to spend the happiest season of the whole year in drinking, carousing and riotous living. It is the time to make gifts and try to bring about happiness and if well spent the pleasure of the incoming year will be far greater. In giving, remember the poor and don't try to grease the fatted sow. The well-to-do can buy what they wish; the poor need the gifts at your disposal.

NELSON county went "wet" again Saturday, this time by an increased majority over three years ago. The people of that county seem to have come to belief that they can not get along without boozes and they vote for it right and left. Having never tried local option they do not know the advantage of it and perhaps should not be blamed for voting for red liquor.

IT is hard to compute the number of animals and birds killed by Roosevelt and his party just for the fun of seeing something die. The Smithsonian Institute has received 6,663 skins of birds and animals, which represent but a small part of those killed.

A PHILADELPHIA preacher draws great crowds to his dreary services selecting six of the prettiest young girls of the congregation as ushers. However, he doesn't fool the people but once, as the punishment proves much greater than the pleasure.

WHEN J. Pierpont Morgan returned from Europe the other day he brought 78 pieces of baggage. Only the rich could or would do such a thing.

THE Christmas edition of the Jessamine Journal was daisy. Congratulations, Brer McCarty.

### POLITICAL.

The nomination of William J. Mills to be governor of New Mexico was ordered favorably reported by the Senate Committee on Territories.

Hon. H. D. Newcomb will introduce a bill at the coming session of the General Assembly to make it a capital offense to kidnap. This is well and by all means the proposed bill should become a law.

Gov. Chauncy Marshall, of Indiana, was launched informally in Washington as a democratic candidate for the presidential nomination in 1912. His name was brought forward in a hearing before the Senate Committee on Privileges and Elections.

Hon. Wm. J. Price and Col. R. G. Evans, of Boyle county, spent yesterday in Shelbyville renewing acquaintances and looking over the ground. Mr. Price will make the race for the democratic nomination for Congress in this district to succeed Hon. Harvey Helm. It will be remembered that Mr. Price entered the race for the nomination four years ago, but was compelled to withdraw on account of illness. —Shelbyville News.

Mr. and Mrs. Harry Magee filed petition in court Tuesday and adopted a 10-months-old baby which they recently got from one of the orphan homes in Louisville.—Mt. Vernon Signal.

In an affidavit sworn to by about 75 business men of Somerset, objection is made to the statement that the town recently returned to the wet column at a local option election through the influence of the business men of that city. It is claimed that 75 per cent. of the business men live in the first and second wards and that these together gave a dry majority.

A fire which originated in the kitchen flue of the residence of Randall Cook destroyed three dwellings and most of the contents, besides the Cook residence, before the fire company was able to check the flames. The loss will probably aggregate at \$12,000. Several local capitalists who do not want their names mentioned yet, are considering building a handsome five-story hotel in this city. They have secured options on several pieces of property and the matter is expected to come to a head within the next few days. It is rumored that Somerset will soon have an additional banking institution. Mr. J. C. Green, of Lexington, was in the city this week with other Lexington parties trying to organize a State Bank and Trust Co.—Somerset Times.

### Kills Her Foe of 20 Years.

"The most merciless enemy I had for 20 years," declares Mrs. James Duncan, of Haynesville, Me., "was Dyspepsia. I suffered intensely after eating or drinking and could scarcely sleep. After many remedies had failed and several doctors gave me up, I tried Electric Bitters, which cured me completely. Now I can eat anything. I am 70 years old and am overjoyed to get my health and strength back again." For Indigestion, Loss of Appetite, Kidney Trouble, Lame Back, Female Complaints, it's unequalled. WHAT'S NEXT.—A good crowd gathered at Walton's Opera House Friday evening to witness the amusing three-act farce comedy, What's Next, presented by local talent under the management of Miss Bertha Jackson, who took the double role of Polly Poke and Mary Ann Fogarty and acted them both most creditably. She is very much at home on the stage and far above the amateur in the management and direction of her company. Miss Sallie Taylor Woods made a charming Rose Madder, while as Gertie Gush, an old maid, Miss Frances Cooper was exceedingly good. Miss Bessie Yantis portrayed Mrs. Wallace, a fascinating widow in search of a husband, with much credit. Dr. Charles Chintzer, was represented by Mr. L. Wearen Hughes, who played the difficult part splendidly. As Moses Madder, an artist, with an eye to business, Mr. John Owsley Reid showed himself a most capable actor. His was perhaps the heaviest part but he was fully equal to the occasion. Phineas Poke was the part assigned to Mr. Walter Milburn and he gave it most creditably. He made a fine member of the destrict school board and his make-up was so complete that few knew him. Zeph Somers, a rustic with "Injuns" on the brain, was well acted by Mr. Russell Brown, who has had considerable experience before the footlights. Elwood Totten, as Timothy Trenworth, a wealthy Texan, in search of his daughter, was A. L. Prof. Ernest Gibson, as Willy Nilly, the dudelot from Gotham, was very good and his efforts at courting very amusing. Hubert Carpenter represented Michael McGilp, a bold, bad policeman, and made a first-rate one. A number of boys and girls played school children in Act No. 1 and their efforts brought forth much applause. A vocal solo by Miss Nancy Yeager was greatly enjoyed. The entertainment was a most creditable one from start to finish and those who took part are deserving of hearty congratulation. They worked hard to make the show a success and right well did they succeed. About \$65 was cleared, which will go to the Christian Endeavor Society.

NEW FIRM.—Mr. W. S. Fish, of Paint Lick, has bought a half interest in the insurance business of Mr. R. B. Mahony and will move to Stanford at once. Mr. Fish was formerly a traveling man and is well acquainted with the people of Boyle, Lincoln, Casey and Rockcastle counties and therefore needs no introduction in these counties, which comprises Mr. Mahony's territory. He is a hustler and the two will make a strong team. Mr. E. D. Pennington will look after the office while Messrs. Fish & Mahony are in the field. We

FROST.—Mr. W. P. Frost died at Milledgeville after a brief illness, aged 84. He is survived by his wife and three children, Mrs. M. S. Russell, of the West End, being one of them. Mr. Frost fought through the Mexican and Civil wars, being a gallant Confederate soldier. He was a fine old gentleman and will be missed in the community where he was greatly beloved. He moved from Henry county to Lincoln in 1896. The burial occurred at Hustonville.

NEWS comes from East Lake, Tenn., that Mr. D. A. Twaddle, formerly of this county, who has suffered from cancer of the tongue for several years, has had the member cut out at the root. Mr. Twaddle is in the mercantile business at the above place and is doing well financially.
